Key Word Index

A

Alternation
Hippocampus; 5,7-Dihydroxytryptamine; Hyperactivity; Habituation, 37

Prenatal protein malnutrition; Working memory; Interference; Extinction; Reversal; Rat, 95

γ-Aminobutyric acid
Frontal cortex; Delayed spatial alternation; Rat, 81

Amplitude control
Pointing movement; Motor system; Sensorimotor integration, 247

Amygdala
Recognition memory; Mammillary bodies; Fornix; Rat, 145

Self-stimulation; Brain stimulation reward; Medial forebrain bundle; Lateral hypothalamus; Ventral tegmental area; Electrolytic lesion; Rate-frequency curve; Rat, 159

8-Arm maze
Kindling; Working memory; Interictal spike; Seizure, 119

Audition
Cross-modal; Transfer; Matching; Recognition; Vision; Touch; Monkey; Claustrum; Leakage, 169

Auditory cortex
Word deafness; Neural representation; Temporal coding; Speech perception, 85

B

Benzodiazepine
Diazepam; Elevated plus-maze; Exploration; Fear; Reward; Habituation; Biphasic, 109

Biphasic
Benzodiazepine; Diazepam; Elevated plus-maze; Exploration; Fear; Reward; Habituation, 109

Brain stimulation reward
Self-stimulation; Medial forebrain bundle; Amygdala; Lateral hypothalamus; Ventral tegmental area; Electrolytic lesion; Rate–frequency curve; Rat, 159

C

Cat
Orientation discrimination; Testing method; Reliability; Validity, 201

Central pattern generation
Locomotion; Development; Neonate rat; Swimming; Electromyography, 215

Cerebral lateralization
Emotion; Olfaction; Social recognition; Stress; Pituitary-adrenal hormone; Rat, 53

Claustrum
Cross-modal; Transfer; Matching; Recognition; Vision; Touch; Audition; Monkey; Leakage, 169

Cognitive map
Spatial behavior; Navigation; Hippocampus; Pigeon, 227

Contrast sensitivity
Visual control of postural sway; Self-motion perception; Object-motion perception; Visual blurring, 1

Corticospinal tract
Limb preference; Motor cortex; Neural control; Red nucleus; Rubrospinal tract; Rat, 131

Cross-modal
Transfer; Matching; Recognition; Vision; Touch; Audition; Monkey; Claustrum; Leakage, 169

D

Delayed match to sample
Hippocampal formation; Inferotemporal cortex; Monkey; Medial temporal lobe; Memory; Single unit activity, 7

Delayed spatial alternation
Frontal cortex; γ-aminobutyric acid; Rat, 81

Development
Locomotion; Central pattern generation; Neonate rat; Swimming; Electromyography, 215

Diazepam
Benzodiazepine; Elevated plus-maze; Exploration; Fear; Reward; Habituation; Biphasic, 109

5,7-Dihydroxytryptamine
Hippocampus; Hyperactivity; Habituation; Alternation, 37

E

Electrolytic lesion
Self-stimulation; Brain stimulation reward; Medial forebrain bundle; Amygdala; Lateral hypothalamus; Ventral tegmental area; Rate-frequency curve; Rat, 159

Electromyography
Locomotion; Central pattern generation; Development; Neonate rat; Swimming, 215

Elevated plus-maze
Benzodiazepine; Diazepam; Exploration; Fear; Reward; Habituation; Biphasic, 109

Emotion
Cerebral lateralization; Olfaction; Social recognition; Stress; Pituitary-adrenal hormone; Rat, 53

Ethanol
One-trial inhibitory avoidance; Ro 15-4513; Mouse, 67

Exploration
Benzodiazepine; Diazepam; Elevated plus-maze; Fear; Reward; Habituation; Biphasic, 109

Extinction
Prenatal protein malnutrition; Alternation; Working memory; Interference; Reversal; Rat, 95

Eye movement
Visual discrimination; Retinal image stability; Rabbit, 61

F

Fear
Benzodiazepine; Diazepam; Elevated plus-maze; Exploration; Reward; Habituation; Biphasic, 109

Fornix
Recognition memory; Mammillary bodies; Amygdala; Rat, 145

Frontal cortex
γ-Aminobutyric acid; Delayed spatial alternation; Rat, 81

G

Genetics
Rat behavior; Yawning; Ontogeny; Sexual dimorphism, 29

Grasping
Lesion; Pecking; Pigeon; Visual discrimination, 73

H

Habituation
Hippocampus; 5,7 Dihydroxytryptamine; Hyperactivity; Alternation, 37

Benzodiazepine; Diazepam; Elevated plus-maze; Exploration; Fear; Reward; Biphasic, 109

Hippocampal formation
Delayed match to sample; Inferotemporal cortex; Monkey; Medial temporal lobe; Memory; Single unit activity, 7

Hippocampus
5,7-Dihydroxytryptamine; Hyperactivity; Habituation; Alternation, 37

Spatial behavior; Navigation; Cognitive map; Pigeon, 227

5-HT_2 blockade
Waking; Slow-wave sleep; Rapid eye movement sleep; Serotonin; Zimeldine; Ritanserin; 5-HT reuptake inhibition, 239

5-HT reuptake inhibition
Waking; Slow-wave sleepâ; Rapid eye movement sleep; Serotonin; Zimeldine; Ritanserin; 5-HT_2 blockade, 239

Hyperactivity
Hippocampus; 5,7-Dihydroxytryptamine; Habituation; Alternation, 37

I

Inferotemporal cortex
Delayed match to sample; Hippocampal formation; Monkey; Medial temporal lobe; Memory; Single unit activity, 7

Interference
Prenatal protein malnutrition; Alternation; Working memory; Extinction; Reversal; Rat, 95

Interictal spike
8-Arm maze; Kindling; Working memory; Seizure, 119

K

Kindling
8-Arm maze; Working memory; Interictal spike; Seizure, 119

L

Lateral hypothalamus
Self-stimulation; Brain stimulation reward; Medial forebrain bundle; Amygdala; Ventral tegmental area; Electrolytic lesion; Rate–frequency curve; Rat, 159

Leakage
Cross-modal; Transfer; Matching; Recognition; Vision; Touch; Audition; Monkey; Claustrum, 169

Lesion
Grasping; Pecking; Pigeon; Visual discrimination, 73

Lexicon
Memory; Neural system, 193

Limb preference
Corticospinal tract; Motor cortex; Neural control; Red nucleus; Rubrospinal tract; Rat, 131

Locomotion
Central pattern generation; Development; Neonate rat; Swimming; Electromyography, 215

M

Mammillary bodies
Recognition memory; Amygdala; Fornix; Rat, 145

Matching
Cross-modal; Transfer; Recognition; Vision; Touch; Audition; Monkey; Claustrum; Leakage, 169

Medial forebrain bundle
Self-stimulation; Brain stimulation reward; Amygdala; Lateral hypothalamus; Ventral tegmental area; Electrolytic lesion; Rate–frequency curve; Rat, 159

Medial temporal lobe
Delayed match to sample; Hippocampal formation; Inferotemporal cortex; Monkey; Memory; Single unit activity, 7

Memory
Delayed match to sample; Hippocampal formation; Inferotemporal cortex; Monkey; Medial temporal lobe; Single unit activity, 7

Lexicon; Neural system, 193

Monkey
Delayed match to sample; Hippocampal formation; Inferotemporal cortex; Medial temporal lobe; Memory; Single unit activity, 7

Cross-modal; Transfer; Matching; Recognition; Vision; Touch; Audition; Claustrum; Leakage, 169

Motor cortex
Corticospinal tract; Limb preference; Neural control; Red nucleus; Rubrospinal tract; Rat, 131

Motor system
Pointing movement; Amplitude control; Sensorimotor integration, 247

Mouse
One-trial inhibitory avoidance; Ethanol; Ro 15-4513, 67

N

Navigation
Spatial behavior; Cognitive map; Hippocampus; Pigeon, 227

Neonate rat
Locomotion; Central pattern generation; Development; Swimming; Electromyography, 215

Neural control
Corticospinal tract; Limb preference; Motor cortex; Red nucleus; Rubrospinal tract; Rat, 131

Neural representation
Word deafness; Auditory cortex; Temporal coding; Speech perception, 85

Neural system
Memory; Lexicon, 193

O

Object-motion perception
Visual control of postural sway; Self-motion perception; Visual blurring; Contrast sensitivity, 1

Olfaction
Cerebral lateralization; Emotion; Social recognition; Stress; Pituitary-adrenal hormone; Rat, 53

One-trial inhibitory avoidance
Ethanol; Ro 15-4513; Mouse, 67

Ontogeny
Rat behavior; Yawning; Genetics; Sexual dimorphism, 29

Orientation discrimination
Testing method; Reliability; Validity; Cat, 201

P

Pecking
Grasping; Lesion; Pigeon; Visual discrimination, 73

Pigeon
Grasping; Lesion; Pecking; Visual discrimination, 73

Spatial behavior; Navigation; Cognitive map; Hippocampus, 227

Pituitary-adrenal hormone
Cerebral lateralization; Emotion; Olfaction; Social recognition; Stress; Rat, 53

Pointing movement
Motor system; Amplitude control; Sensorimotor integration, 247

Prenatal protein malnutrition
Alternation; Working memory; Interference; Extinction; Reversal; Rat, 95

Psychophysics
Self-stimulation; Trade-off procedure, 45

R

Rabbit
Visual discrimination; Eye movement; Retinal image stability, 61

Rapid eye movement sleep
Waking; Slow-wave sleep; Serotonin; Zimeldine; Ritanserin; 5-HT reuptake inhibition; 5-HT_2 blockade, 239

Rat
Cerebral lateralization; Emotion; Olfaction; Social recognition; Stress; Pituitary-adrenal hormone, 53

Frontal cortex; γ-Aminobutyric acid; Delayed spatial alternation, 81

Prenatal protein malnutrition; Alternation; Working memory; Interference; Extinction; Reversal, 95

Corticospinal tract; Limb preference; Motor cortex; Neural control; Red nucleus; Rubrospinal tract, 131

Recognition memory; Mammillary bodies; Amygdala; Fornix, 145

Self-stimulation; Brain stimulation reward; Medial forebrain bundle; Amygdala; Lateral hypothalamus; Ventral tegmental area; Electrolytic lesion; Rate–frequency curve, 159

Rat behavior
Yawning; Genetics; Ontogeny; Sexual dimorphism, 29

Rate–frequency curve
Self-stimulation reward; Brain stimulation reward; Medial forebrain bundle; Amygdala; Lateral hypothalamus; Ventral tegmental area; Electrolytic lesion; Rat, 159

Recognition memory
Mammillary bodies; Amygdala; Fornix; Rat, 145

Recognition
Cross-modal; Transfer; Matching; Vision; Touch; Audition; Monkey; Claustrum; Leakage, 169

Red nucleus
Corticospinal tract; Limb preference; Motor cortex; Neural control; Rubrospinal tract; Rat, 131

Reliability
Orientation discrimination; Testing method; Validity; Cat, 201

Retinal image stability
Visual discrimination; Eye movement; Rabbit, 61

Reversal
Prenatal protein malnutrition; Alternation; Working memory; Interference; Extinction; Rat, 95

Reward
Benzodiazepine; Diazepam; Elevated plus-maze; Exploration; Fear; Habituation; Biphasic, 109

Ritanserin
Waking; Slow-wave sleep; Rapid eye movement sleep; Serotonin; Zimeldine; 5-HT reuptake inhibition; 5-HT_2 blockade, 239

Ro 15-4513
One-trial inhibitory avoidance; Ethanol; Mouse, 67

Rubrospinal tract
Corticospinal tract; Limb preference; Motor cortex; Neural control; Red nucleus; Rat, 131

S

Seizure
8-Arm maze; Kindling; Working memory; Interictal spike, 119

Self-motion perception
Visual control of postural sway; Object-motion perception; Visual blurring; Contrast sensitivity, 1

Self-stimulation
Psychophysics; Trade-off procedure, 45

Brain stimlulation reward; Medial forebrain bundle; Amygdala; Lateral hypothalamus; Ventral tegmental area; Electrolytic lesion; Rate–frequency curve; Rat, 159

Sensorimotor integration
Pointing movement; Motor system; Amplitude control, 247

Serotonin
Waking; Slow-wave sleep; Rapid eye movement sleep; Zimeldine; Ritanserin; 5-HT reuptake inhibition; 5-HT_2 blockade, 239

Sexual dimorphism
Rat behavior; Yawning; Genetics; Ontogeny, 29

Single unit activity
Delayed match to sample; Hippocampal formation; Inferotemporal cortex; Monkey; Medial temporal lobe; Memory, 7

Slow-wave sleep
Waking; Rapid eye movement sleep; Serotonin; Zimeldine; Ritanserin; 5-HT reuptake inhibition; 5-HT_2 blockade, 239

Social recognition
Cerebral lateralization; Emotion; Olfaction; Stress; Pituitary-adrenal hormone; Rat, 53

Spatial behavior
Navigation; Cognitive map; Hippocampus; Pigeon, 227

Speech perception
Word deafness; Auditory cortex; Neural representation; Temporal coding, 85

Stress
Cerebral lateralization; Emotion; Olfaction; Social recognition; Pituitary-adrenal hormone; Rat, 53

Swimming
Locomotion; Central pattern generation; Development; Neonate rat; Electromyography, 215

T

Temporal coding
Word deafness; Auditory cortex; Neural representation; Speech perception, 85

Testing method
Orientation discrimination; Reliability; Validity; Cat, 201

Touch
Cross-modal; Transfer; Matching; Recognition; Vision; Audition; Monkey; Claustrum; Leakage, 169

Trade-off procedure
Self-stimulation; Psychophysics, 45

Transfer
Cross-modal; Matching; Recognition; Vision; Touch; Audition; Monkey; Claustrum; Leakage, 169

V

Validity
Orientation discrimination; Testing method; Reliability; Cat, 201

Ventral tegmental area
Self-stimulation; Brain stimulation reward; Medial forebrain bundle; Amygdala; Lateral hypothalamus; Electrolytic lesion; Rate–frequency curve; Rat, 159

Vision
Cross-modal; Transfer; Recognition; Touch; Audition; Monkey; Claustrum; Leakage, 169

Visual blurring
Visual control of postural sway; Self-motion perception; Object-motion perception; Contrast sensitivity, 1

Visual control of postural sway
Self-motion perception; Object-motion perception; Visual blurring; Contrast sensitivity, 1

Visual discrimination
Eye movement; Retinal image stability; Rabbit, 61

Grasping; Lesion; Pecking; Pigeon, 73

W

Waking
Slow-wave sleep; Rapid eye movement sleep; Serotonin; Zimeldine; Ritanserin; 5-HT reuptake inhibition; 5-HT_2 blockade, 239

Word deafness
Auditory cortex; Neural representation; Temporal coding; Speech perception, 85

Working memory
Prenatal protein malnutrition; Alternation; Interference; Extinction; Reversal; Rat, 95

8-Arm maze; Kindling; Interictal spike; Seizure, 119

Y

Yawning
Rat behavior; Genetics; Ontogeny; Sexual dimorphism, 29

Z

Zimeldine
Waking; Slow-wave sleep; Rapid eye movement sleep; Serotonin; Ritanserin; 5-HT reuptake; 5-HT_2 blockade, 239
